

KBD APPROVED COURSE LIST (as of 06/20/2025)

Kentucky dental regulations require that Medical Emergencies, Laser Debridement, IV Line Placement, and all refresher courses be approved in advance by the Board. The following courses have been granted that approval. If you are interested in a course that is not on the list, contact us to request approval. Please note that not all continuing education requires pre-approval, only the Course Types listed below. Visit dentistry.ky.gov/continuing-education for complete CE rules.
